

RLT 9 STEEL 2-STAR APEX 1 - \$2,500.00

REVIEWS

"This sturdy steel, disc brake- and rack mount-equipped Niner is so much more than an adventure bike"

"Riding the RLT off pavement was more comfortable, more efficient, and just plain more fun than riding a mountain bike on similar surfaces."

"Niner really nailed it with this bike."

"After se

PRODUCT OVERVIEW

REDEFINE ADVENTURE ON THE RLT 9 STEEL

While other frame materials fall in and out of favor, steel stands the test of time. Finely constructed steel frames, crafted and welded by the best builders, have continued to be the benchmark other materials measure themselves against. The RLT9 Steel delivers a flawless synthesis of form and function into a frame that makes every ride open for adventure. From mounting panniers and racks for camping to traveling the gravel road that curves out of sight, the RLT9 is more than capable for the open road.

You ride the road less traveled. Adventure calls for a well-engineered frame with technology capable of keeping you moving. The Niner RLT9 is where performance, durability, and ride quality meet. Adventure awaits.

DESIGN

The RLT 9 Steel was purpose built for adventure. Every consideration was made with convenience and compatibility in mind. We've blended the historic Reynolds 853 tubing with modern design characteristics utilizing thru-axle technology and a tapered steel headtube. To conquer any and all terrain, the
